Read: 1. Minutes of the meeting of the Syndicate held on 05.05.2015 (Item No. 06.110 C 15)  
2. Request from the scholars seeking registration in Computational Linguistics

ORDER

The Syndicate at its meeting held on 05.05.2015 considered along with the recommendations of the Standing Committee of the Syndicate on Academics and Research the requests from candidates who had applied for registration for research in Computational Linguistics and resolved the following :

The number of research students that can be co-guided by approved research guides in departments where students pursue interdisciplinary research has been enhanced from two to five. However guides in Computer Science and Linguistics should set apart 3 vacancies of co-guidance exclusively for students from Computational Linguistics.

Orders are issued accordingly.
